After signing up, you will directly receive login details.

About this webinar: As the backbone of any organization, HR should invest in modern tools and processes just like any other business unit. As Head of Technology and Innovation at Switzerland's leading HR boutique consultancy, Felix Anderegg will present AI use cases for HR organizations of all sizes and industries. Learn how the latest developments can be used to improve efficiency and the employee experience. From recruiting and talent management to HR administration and chatbots, taking your HR organization to the next level is not just a matter for the HR department, but also requires executive buy-in.

About the webinar series: The «CEE-Swiss Impulse Sessions» is a monthly series of short webinars on exciting, current and relevant topics concerning Switzerland and Central Eastern Europe (CEE). It is delivered by outstanding speakers from many different backgrounds. The webinar series aims at inspiring, informing and connecting a diverse audience across industries and functions and thus advance the manifold relationships between Switzerland and all CEE countries. Initiated in 2021 by the Chamber of Commerce Switzerland Central Europe (SEC) in Zurich, this is a joint project of all chambers of commerce in the CEE region and SEC.

More information about our keynote speaker: Felix Anderegg is Head of Technology and Innovation at HR Campus, the leading HR consultancy in Switzerland. With a background in technology and software development, he has a strong focus on AI in HR and the use of conversational business solutions (chatbots) along the employee lifecycle with more than 8 years of experience in these specific domains. He has a leading role in the development of two successful, ai-based hr solutions: "Edi - Expense Intelligence" and "Sophie – your little HR friend". Felix holds a Master in Business Information Technology from the Zurich University of Applied Sciences.
